Commissioner for Patents

The reply filed on February 14, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): While applicants' response of February 14, 2006 has addressed the rejection of claim 1 concerning the distinction between the oleochemical polyol and component c), applicants have failed to address the same issue within newly presented claim 18. At the time of the January 20, 2006 Office communication, it was noted that applicants had drafted newly presented claim 18 to address the same issues that had been addressed by the claim 1 amendment, in response to the rejection set forth with respect to claim 1; therefore, the examiner concluded that applicants were aware that the issues that apply to claim 1 apply equally to the same claim language of new claim 18 and that applicants were equally aware that claim 18 would require the same response as required for claim 1. However, as aforementioned, applicants' response fails to reflect this awareness. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication should be directed to R. Sergent at telephone number (571) 272-1079.
